Wheat, Rye, Oats, etc. We desire to  
contradict this report and say to our  
friends that we are in the market for

## Local Notes.

Another hotel? Why sure.

All out for the fair grounds.

Talk Hotel. Don't throw water.

Roasting ears are ripe and plenty.

How about a hotel this week? Would

be nice, wouldn't it?

The hotel men are on, and we believe

fruit will be brought forth.

Secretary Davidson promises an un-

usually fine display of hospitality—if it

rains.

Go to the Crab Orchard Fair July

19, 20 and 21. One of the greatest in

the State.

Mr E W Harris heads the list of

tomato raisers this season, having the

largest and best crop in town.

The crop of croakers has greatly di-

minished, and those working for the

hotel have almost a clear track.

A good dinner will be set on the

grounds each day—price 35c. at the

Crab Orchard Fair July 19, 20 and 21.

The Crab Orchard Fair and Racing

Association have received a one fare

round trip, plus 25 cents rate to their

meeting July 19, 20 and 21.

"Sax" is all right. Watch him

swell up and "go after" that baritone

He can take a hand organ set to play

old hundred and get 150 out of it.

You can get a good dinner on the

fair grounds at reasonable price. The

Fair Association is furnishing the

dinner, and will be strictly first class.

No women say Lancaster will have

more good stock than any fair in the

event. As none of the horses have

been beaten, they will all come here to

"size up" the situation.

The Crab Orchard Fair and Racing

Association gives a number of high

class show rings in the forenoon and

running, trotting and pacing races in

the afternoon each day, July 19, 20,

and 21.

Saxton & Trost's celebrated Band

of Lexington, Ky., will make music

for the Crab Orchard Fair July 19, 20

and 21; also for the hop each night at

Crab Orchard Springs. Every body

go and have a good time.

T. B. Long, the best hotel man ever

in this section of the State, won a rep-

utation for the Garrard Hotel which

caused traveling men to hustle to get

their Sunday lay-over in Lancaster. It

can be done again.

The 17 D.C.s met with Mrs Jas A

Royston July 3rd. All enjoyed the

many talks and pieces read. The hos-

tes served "Cream beauty" and Na-

biscoes. Our next meeting will be

Aug 14. Notice will be given in the

Central Record. F. D. C.

Colored Knights of Pythias.

About twenty colored men have or-

ganized a lodge of Knights of Pythias

and will be duly installed next week.

The colored people have lodges of

nearly every order the white people

have, some of them in very good con-

dition, both as to membership and

financial standing.

The proposed new City Council can

not be beaten, no matter who goes up

against it. If they are elected, you

may look out for a general cleaning

out of blind tigers, weeds, dirty al-

leys, mud holes in the streets, etc.,

etc. Look at the names signed to the

petition, and you will see the class of

citizens who urged this ticket to run.

Every man owes it to himself and

his family to master a trade or

profession. Read the display adver-

## The Right Man.

The City Council has appointed Ed  
Bishop to fill out the unexpired term  
of the late Robt Kinnaird, and Mr  
Bishop is now warming the wool sack  
on the chief executive's chair. It  
would have been impossible to find a  
better man for this place, and The  
Record congratulates the city dads  
upon the wise selection. The people  
are all for "Bish" to have the position  
permanently and will elect him in  
November, no matter who sticks his  
head up against him. In the language  
of the illustrious Col Tom Hill, "mark  
our prediction."

## Farmers, Stack Your Wheat.

Don't wait for the thrasher, but  
stack. You can stack before your  
wheat is dry enough to thresh, then  
you have your wheat safe and can  
thresh at your convenience. Another  
thing, take a garden rake and clean  
your stack thoroughly of all loose wheat  
or straw and rake the stack hard  
enough to turn the lens of the wheat  
or bundle down, this affords better  
drainage. H A B Marksbury.

## Entertainment for Editors

The special committee on entertain-  
ment for the meeting of the Kentucky  
State Press Association, which will  
meet at Crab Orchard Springs the week  
beginning July 24, met with the edi-  
tors of The Record in this city Sunday.  
The committee on entertainment, which  
was composed of Messrs Clarence E Woods,  
of the Richmond Clinch, Harry McCar-  
ty, of the Nicholasville Journal and  
Vernon Richardson, of the Danville  
News. The management of the  
Springs has engaged Storms' Lexing-  
ton Military Band and Orchestra, and  
this splendid musical organization  
will play two concerts each morning  
and afternoon. The orchestra will  
play during the dinner and supper  
hours and furnish music for two balls  
and a german to be given in honor of  
the editors. The committee men-  
tioned above arranged for a big eucher  
party for the ladies of the party to be  
given one afternoon, also several  
guessing contests in which handsome  
prizes will be awarded. A special com-  
mittee will look after the comfort of  
the ladies and a most pleasant time is  
in store for them. For the men, a  
game of base ball, fat man's race, bow-  
ling contests, sack and potato races,  
and many other amusing affairs have  
been arranged. All this will take  
place during the afternoons, as the en-  
tire mornings will be devoted to the  
transaction of business. Mr Willis,  
the genial manager of the Springs,  
will serve a handsome banquet during  
the meeting, to which the ladies will  
be invited. Some of the best speak-  
ers in the newspaper business will re-  
spond to appropriate toasts, the Lex-  
ington Military Band will play during  
the meal. This is looked forward to  
with great pleasure. At the conclu-  
sion of the banquet, the german will  
be danced in the dance hall, which  
will be especially decorated for the oc-  
asion.

## Will Sue for Damages.

Holman Glass, a well-known and  
popular young man of Garrard county,  
was tried in the Garrard Quarterly  
Court Thursday, June 29, under the  
charge of taking railroad ties from the  
Ohio Valley Tie Co. After hearing the  
testimony County Judge Ford ver-  
dict properly discharged Mr Glass. The  
evidence was so conclusive of his inno-  
cence that those who heard the trial  
were very indignant that the Ohio  
Valley Tie Co. should perpetrate such  
an outrage on a worthy gentleman.  
Mr Glass was represented at the trial  
by J Willard Mitchell, of Nicholas-  
ville. It is rumored that Mr Glass has  
employed Messrs Mitchell, J H Welch  
and N L Bronaugh, to represent him  
in a suit he expects to bring against  
the Ohio Valley Tie Co. for quite a  
large sum in the way of damage.

## A Big Land Sale.

Richmond Register.—The magnifi-  
cent farm of Col. J Stone Walker was  
sold publicly on Thursday, and H B  
Hanger being the highest and best  
bidder became the purchaser of the  
540 acres at \$130.10 per acre, aggregat-  
ing \$70,200. This farm was advertised  
as the best Blue Grass farm in  
Madison county, all things consid-  
ered. In fertility and beauty it stands  
unsurpassed in all this section. The  
contest for its purchase was a battle  
royal, and its price fixes a new stand-  
ard for the value of the best land in  
this county, and hereafter all high  
prices will be referred to or measured  
by this magnificent sale. It is an un-  
doubted fact that the soil is deeper  
and more productive on the best lands  
in this county than in any other part  
of the blue grass.

Mr Hanger is a member of the firm  
of Mason, Hogue & Co., which stands  
as one of the largest and most success-  
ful contracting firms in the United  
States. They constructed the Chicago  
Drainage Canal, the canal at Sault  
St. Marie, Michigan, connecting Lake  
Superior and Lake Michigan, and nu-  
merous railroad, aqueducts and tun-  
nels throughout the country, and are  
still actively engaged in this business.  
We congratulate him upon his acquisi-  
tion of this grand farm, which ad-  
joins the handsome landed estate of  
his father in law, the late William  
Arnold.

## A HOTEL IN SIGHT.

Energetic and Public-Spirited Citi-  
zens Devise a Plan to Build Up-  
To-Date Hotel on Site of the  
Garrard.

A number of those citizens who  
have their home town's interests at  
heart and who believe in investing the  
money they make off Lancaster peo-  
ple in Lancaster enterprises, have  
formed a plan whereby a handsome  
hotel can be erected on the site where  
the Garrard stood, and it can be done  
without any hardship to anyone. All  
necessary is for a few men to subscribe  
a few hundred dollars in stock, and  
the new house is an assured fact. The  
money can be obtained right here in  
Lancaster, and that too, at a  
reasonable rate of interest, while the  
party furnishing it will take a large  
number of shares of the stock. We  
deem it advisable to not print the en-  
tire plan, but simply to state that if  
the people of Lancaster want a first  
class hotel, want the old vacant spot  
filled in with a handsome, up-to-date  
hotel that will reflect credit upon the  
community, and desire to put a stop  
to Lancaster being looked upon as a  
back-woods, flea bitten village, they  
can bring about the desired end by  
subscribing a few dollars to this en-  
terprise. The old hotel company has  
donated the lot, in other words have  
taken stock to that amount and head  
the list with three thousand dollars.  
Several other progressive citizens have  
agreed to take stock to equally as his  
eral an amount, so, you see, the plan  
is well started.

A gentleman at the head of the pro-  
ject tells The Record that he firmly  
believes that the whole matter will  
be in tangible shape in less than ten  
days, but, of course, all depends on  
the way minded men take hold for the  
town, and it will not be near so hard  
to get assistance as it was a few years  
ago, when every suggestion was hot-  
ted at and every move forward frowned  
upon. This being the case, and the  
plan suggested being so feasible, The  
Record feels safe in predicting that  
Lancaster will soon have another ho-  
tel even better than the Garrard, who  
was more friendly comment for Lan-  
caster than any enterprise she ever had.

## Good Sale of Bank Stock.

One of the largest sales of bank  
stock ever held in this section of the  
state was conducted here Saturday by  
the administrators of the estate of  
the late Judge Joe S Robinson. The  
sale was conducted by Capt Ike M  
Dunn, the veteran auctioneer. The  
shares were sold in blocks of five, and  
were purchased by the following par-  
ties: 5 shares in Citizens National  
Bank of Lancaster to W L Williams  
at \$128 per share; five in same to Yates  
Hudson at \$126.50; five in same to Thos  
Stone at \$127; five in same to J E Rob-  
inson at \$126; five in same to J E Rob-  
inson at \$126.75; five in same to Thos  
Stone at \$127; five in Fourth Nat Bank  
Columbus, Ga., to Jake Robinson at  
\$175; five in same to Jake Robinson at  
\$175.50; five in National Bank of Lan-  
caster to Cam Hays at \$128; five in  
same to Hays at \$130; five in same to  
Thos Stone at \$130; one share in same  
to Capt Wm Herndon at \$131; five  
shares in Merchants and Mechanics  
National Bank, Columbus, Ga., to  
Jake Robinson \$100; five in same to  
Jake Robinson at \$110.50; five in same  
to Jake Robinson at \$112.50; five in  
same to Jake Robinson at \$112; 15  
shares in same to Jake Robinson at  
\$113.50 a share; Lancaster Water  
Works bond No 5, par value \$500 to J  
E Robinson at \$501.50 bond No 6 in  
same to J E Robinson at \$500.

## Real Estate Transfers.

The real estate agency of Hughes &  
Swinebroad report the following sales  
made by their agency last week:  
Solon Black to Lydia Murphy, 46 acres  
in Garrard County, at \$925.00; H C  
Hamilton to Clara Bettis a house and  
lot in Lancaster at \$950.00.  
They report they have buyers for small  
farms at from 2,000.00 to \$4,000.00; any  
one having such property to sell will  
do well to see them. They are also  
receiving inquiries for farms that can  
be sold for \$5,000.00 up from parties  
who desire to locate in Garrard county.  
They already have a splendid list of  
desirable property for sale, both town  
property and farms and they are ready  
at all times to consult with prospec-  
tive purchasers and to take options  
from sellers of all kinds of property.

## Warning to Parents.

The Record has been informed that  
a number of boys have been throwing  
stones at the electric lights and tele-  
phone wires. We wish to call the at-  
tention of parents to the severe pen-  
alty for this offense and the determi-  
nation of the owners of the two enter-  
prises to punish to the full extent of  
the law all parties guilty of the of-  
fense. The youngsters who do this do  
not, of course, think of the serious-  
ness of the crime, so the fault lies  
with the parents. Cut a beech limb  
and instruct the urchins along this  
line.

The W. C. T. U. Library will be  
open Tuesday nights at 8 to 9 o'clock  
and Saturday afternoons from 2:30 to  
3:30 o'clock. Very attractive lot of  
bright, new books have just been re-  
ceived. Come and see them.

## The Great Lancaster Fair Is On.

PRESIDENT WILLIAM B. BURTON.

The various committees have been not only one of the largest, but one of  
the best in the state. The seats are  
the many details for the big fair are  
covered with heavy canvass and loca-  
complete. This Thursday morning, at  
the appointed hour, Secretary R L  
Davidson will give the old farm bell a  
pull and the Lancaster Fair will be  
on in earnest. Every stall and all the  
spare stable room in and near Lan-  
caster is filled with the best horses in the  
state, and it is now an assured fact  
the exhibition will be the best ever  
held in this section. This was brought  
about by the large premiums offered  
and the fact that three or four other  
fairs follow each week after this one.  
Coming so closely together, and in the  
same vicinity, has encouraged the  
horsemen to put lots of work on their  
stock and get their animals in the very  
best of shape.  
The grounds have been placed in  
splendid condition, while the ring is

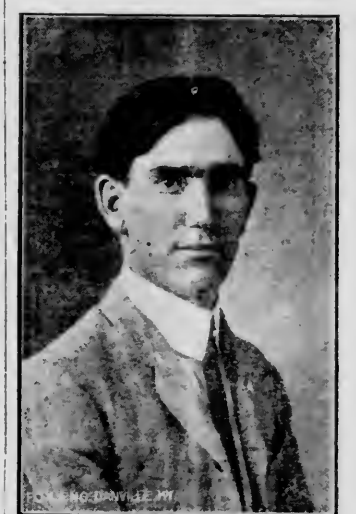

store for the people, and if you want  
to enjoy one more genuine, old-fash-  
ioned country "rope" fair, shut up shop  
and go out to the beautiful grounds  
Stanford pike, only a stone's throw  
from town.

The young gentlemen at the head of  
this enterprise deserve a world of  
praise for their pluck and energy.  
Every fair held in Lancaster has been

VICE PRES. H. T. LOGAN.

almost washed off the map by rains  
and the threatening weather caused  
the stockholders to lose money, and  
the fact that these gentlemen have  
had the nerve to attempt another

entertainment for the benefit of our  
town and county is commendable in-  
deed. While the clouds are hanging  
low as this is written, let's all hope  
for the best and hustle to make the  
fair a success.

LOUIS LANDRAM.

Entered at the Post Office in Lancaster, Ky., as Second-Class Mail Matter.

Lancaster, Ky., July 14, 1905

Mushrooms are a delicate edible. They have not been considered of much force or value other than to tickle the palates of epicures. But a new use for them has been found—raising a church debt of \$7,000. A big lift, one would think, for a delicate vegetable like a mushroom—one that melts in the mouth at a touch of saliva. The Christian church of Columbus, Ind., will turn the basement into a dark place for raising mushrooms. The pastor claims by such means the mortgage on their church may be lifted. Any churches in this vicinity weighted down with a mortgage?—Grow mushrooms and lift it with them.

While the diplomatic world is wrestling with the war problem in the east, American farmers are wrestling with a big wheat crop in their fertile fields, getting ready to supply the country and a large part of the outside world with bread. Both bodies are striving to preserve life, and both are to be commended.

The Rev Mr Lappin, the pastor who conformed to the celebrated "crank" requirement of the Christian church of Peoria, Ill., has resigned after holding the pulpit only a few weeks. He probably found that as a crank he was out-classed by most of the members of his congregation.

Another Ohio banker has been sentenced to prison. If this thing keeps up the "bankers' row" in the prison will be overcrowded and the authorities will have to adopt the cottage plan for the accommodation of its imprisoned bank presidents and cashiers.

If the competition between Messrs Carnegie and Rockefeller to see which can give the most money for educational purposes becomes much fiercer these worthy exponents of the trust idea may conclude that it would be better to pool their interests and to form a college gift trust.

A Shelby county girl was in doubt as to how to answer her lover's proposal of marriage. She finally told him she would leave it to the toss of a coin. He felt in his pockets and found that he hadn't a cent. Then she knew her mind and said "No."

The automobile may have been seen by the prophetic eye of some of the biblical writers, as a St. Paul minister of 1848, but it is certain that there were no actual automobiles in those old days, for there is no record of Job ever having been run down by one.

A South Bend boy has received \$5,000 from his grand father for having kept the promise not to taste liquor until he was 21 years old. Will the young man construe his obligation to mean that he must now make up for lost time?

An automobile concern announces with a great flourish that it will turn out neat, durable machines for \$100 each. Just as soon as they can cut off two more ciphers from the cost, we know where one machine can be sold.

The opinion of a German scientist that coconut meat is the natural food

of a man would be accepted much more readily were it not for the fact that it strengthens the contention that monkeys were our distant ancestors.

A St. Paul woman of wealth has come to the favors the proposed revival of the hoopskirt, enumerating among its advantages its cleanliness and comfort. She might have added that it is much more roomy.

Of course there isn't the connection between eggs and actors that some of the jokesmiths indicate, yet it must be a relief to many a poor thespian to know that eggs are lowest in price during the theatrical off-season.

If New York keeps on putting up sky scrapers and putting down subways, the question as to distance there will in the future be "how high up" or "how far down," instead of "how many blocks."

One hundred and ninety nine Vassar girls received the degree of bachelor of arts and four the degree of master of arts. If these four continue to be master of arts they are likely to break into the bachelors.

A Chicago poetess has gone into the dairy business. She probably will call them "cows" from now on instead of the "flowing kine."

The paragrapher of the New Orleans Picayune must be a girl. This was picked up in that paper: "There's a man in every honeymoon."

The liquor men are trying to open a way to a resumption of former business. Would a corkscrew answer the purpose?

The higher a dress comes from the financial viewpoint, the lower it comes from the public viewpoint.

### Bent Her Double.

"I knew no one for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked from this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders: at McRoberts' Drug Store: price 50c a bottle.

### Forced to Starve.

B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At McRoberts' Drug Store. Only 25c.

### A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve the pain and discomfort, via Dr King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at McRoberts' drug store.

### Farm Is Best.

I have lived long in the city and long on the farm. When I live in the city money is continually being paid out for myself and each member of the family in large sums and in drillets. When I moved on the farm I was astonished to find the same amount of money in my pocket on Saturday night that I had placed there Monday. On the farm there is not the same opportunity or inducement for spending money. Those who live in the city, no matter whether their salary is \$10, \$20, \$50 or more dollars per week, usually spend every dollar before the end of the year, and usually as fast as it is earned. But the same people transferred to the farm are enabled to save a portion of their income or wages. It is for this economical reason as well as for many other reasons why the farm is a good place to locate a home. Children brought up on the farm are more apt to be economical than those brought up in the city. It costs twice as much to clothe a man or woman in the city as it does in the country.—Charles A. Green.

### Notice.

To the friends and patrons of Robt. Kinnaird, dec'd, I wish to state all policies expiring will be renewed and kept in force unless otherwise ordered by the assured. I will continue his business in the National Bank of Lancaster, and will appreciate the business of his and my friends. Most of companies represented in this agency have been represented here for at least 40 years and have always paid their losses promptly. J H Kinnaird.

## Envis Him.

The President has ordered destroyed a set of photographs of his party taken while on his recent hunting trip, near Glenwood Springs, Colorado, because a young lady who joined the party and rode directly behind the President, unwittingly exposes a pair of very pretty ankles. As she persisted in riding behind the President one can easily understand his wrath on beholding in the pictures how much he had missed on the trip.—Cynthiaana Democrat.

### A Famous Phrase.

All the world knows the remark of the Governor of North Carolina to the Governor of South Carolina. "It's a long time between drinks." The true history of this famous anecdote was told recently by Tillman. It appears that the phrase was first heard at a political dinner when the Governor of both North and South Carolina were present. The first Governor had delivered a fiery political speech. The situation was intense when the turn came for the Governor of South Carolina to speak. It seemed that any word the Governor might say would complicate the situation, even should he keep silent his opinion would seem clear. It was at this critical moment that the Governor of the other Carolina rose, and inspired by a stroke of genius, remarked, "It's a long time between drinks." The absolutely non-committal remark saved the situation.

### Wheat Versus Tobacco.

An exchange thinks there is more money for the farmer in wheat at \$1 per bushel than in tobacco at \$200 per acre, considering the labor and drain on the land and the difference in the two crops. Wheat it is pointed out is easily and quickly put in the ground, and then there is no more labor or trouble with the crop until the harvest and threshing season, which, with modern methods is a light and comparatively cheap job. In contrast is the months of hard labor and drudgery and exposure to all sorts of weather and heavy outlay for help and hand hire, and the quick exhaustion of the soil in the production of tobacco. After summing up the expenses and receipts of a heavy yielding tobacco crop the profit is placed at not more than \$3 per acre. That's about the correct figure, and when you read of such big money being made in growing tobacco just set it down as coming from sources not posted as to the cost in money, soil, labor and back grease of a tobacco crop.

### Libel on Corn Bread.

Col Phil Thompson, the former Kentucky Congressman who for some years has made his home in New York has been entertaining for more than a week a few of his old cronies from the State of Blue Grass. After looking the whole thing over thoroughly, and seeing about all there was to be seen, one of these, who is well known throughout the whole commonwealth sized up his observations last night in this sort of way: "No wonder these benighted Yankees have indigestion. They don't know what to eat. They haven't any genuine hot biscuit. New York corn bread is a libel on the real thing. Real corn bread is made of unbolted—that is, coarse ground meal almost as coarse as bran and as white as flour, mixed with water and a pinch of salt and baked in a pone. Some enterprising lunch stand man will make a fortune some day by making genuine corn bread and offering it for sale. All the Southerners in town will patronize him." New York Letter in Cincinnati Enquirer.

### The Small Town is Best.

It is our belief that in America we have too many cities which are too large and a country which is too meagerly populated. We prophesy a coming disintegration of massed populations, and their distribution in a more desirable fashion.

The small town is next to the country. It is a better environment for the young man than is the great metropolis toward which so many turn their eyes. Trolley cars, rural deliveries, trade catalogues and mail order periodicals have done very much to change the isolation which formerly went with the life in the country. It is improving and with it improves the condition of life in the small town. Heretofore our young men have left the country for the city. Some of them were obliged to go there to succeed in their chosen line of work. For the young man who has a business career in view there is possibly as good success in a small city as he may hope for in a great one. If he has not much money capital, has personality, his character will more readily atone for that in a small town. This is especially true of the professional man. Indeed, any man of intelligence may hope for greater preferment in the small centers of population than in the large. As to social life and the general decency and comfort of passing through this vale of tears as conditions exist even today—and they will be far better ten years from now, a self respecting family has ten times better chance in a town of ten or fifty thousand inhabitants almost anywhere in America than it can by any possibility hope to have in a city of the first class. The small town is a better environment in many ways. Not the least of its desirable qualities is the fact that it is closer to the out of doors. The man who has a cottage of his own, with a horse and buggy and shotgun in some place of a few thousand inhabitants, is better off as a man and a citizen than one who is receiving a \$20,000 salary in any big city.

The following will be read with interest by the many friends of "Uncle Mike" Elkin here in his old home. The Ft. Supply (Okla) Republican says: Grandpa M S Elkin won first place in the old fiddler's contest, and did remarkably well. He is eighty-four years of age, and is a great lover of music. The tunes that he played were well received by the immense crowd, and the old gentleman should feel proud of his victory. He is one of the best old men in the country, and we are all proud of him.

Friends of Secretary Ed Hopper, here in his old home, will read with interest the following special from Latonia: Secretary Ed Hopper of the Latonia Jockey club has decided to take a much needed rest. He will turn over the cares of the office to his assistant, John Dillon, Saturday and leave for his former home in Hustonville to spend his summer vacation. Mr Hopper has been on the go continually since last October, and he is going to the coast this fall for a five months' stay at Oakland. It was rumored that Hopper's departure would terminate his connection with the Latonia Jockey club, but he would say nothing on the matter. Mr Hopper has been connected with the Latonia Jockey club for the past twenty two years and has enjoyed the full confidence of those who have had any deal ings with him.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for either children or adults. W. H. Howell, Houston, Tex., says: "For years I have used Little Early Risers Pills in my family. No better pill can be used for constipation sick headache, etc." than these famous pills. Scores of testimonials prove their worth. Sold by R E McRoberts.

I will leave in a week or two to make my home in another State, and desire to sell some furniture, etc., at private sale. Please call at my rooms, at H C Hamilton's and see the articles. Miss Julia Reid.

**Great Summer School.**

We are glad to call attention of Sunday School workers to the great Summer School at Wiona Lake, Ind., Aug. 7 to 13. This is an opportunity that ought not to be neglected by Sunday School workers, and they will do well to write E H Fox, secretary, at Louisville, for particulars.

**Will Change to Saturday.**

**The First Kiss.**

The greatest surprise to a girl who gets kissed the first time is that there is no taste to it.—Waterloo Times.

No taste to it? Well by the hen feathers in Cupid's dart, but the Times must be color blind in the palate. They tell us—those who have tried it—that it tastes like a double distilled essence of honey spread thick upon a piece of pumpkin. Away back in the dim and joyful years before we lost our teeth and our chin on the beauty prize the prettiest girl in all the world told us with her own eyes that it felt like a covey of quails ying out of each ear and ended up with a sensation like a lick of angels putting molasses down one's back. No taste to the first kiss? Great Scott! It would make a woe Indian's hair curl up and his toe nails quiver in ecstasy! The Times' man must be an ice house!—Ex.

**Don't Snub a Boy.**

Don't snub a boy because he wears shabby clothes. When Edison the inventor of the telephone, entered Boston in the depth of winter, he wore a pair of yellow linen breeches. Don't snub a boy because his house is plain and unpretending. Abraham Lincoln's early home was a log cabin. Don't snub a boy because of the ignorance of his parents. Shakespeare, the world's poet, was the son of a man who was unable to write his own name. Don't snub a boy because he chooses a humble trade. The author of "Pilgrim's Progress" was a tinker. Don't snub a boy because of physical disability, Milton was blind. Don't snub a boy because of dullness in lessons. Hogarth, the celebrated painter and engraver, was a stupid boy at his books. Don't snub a boy because he stutters. Demosthenes, the great orator of Greece, overcame a harsh, stammering voice. Don't snub a boy, any one. Not only because some day he may outstrip you in the race of life, but because it is neither kind nor right.—Anderson News.

During the last decade a most remarkable growth in the demand for mutton has taken place in the United States and England. The demand for wool is also increasing and values rising. On the other hand the world's supply of sheep is decreasing. Owing to long drouths, both Australia and South America are short, while in this country the range territory is being rapidly restricted and its ability to supply mutton and wool is unequal to the demand. Henceforth, America must depend more and more upon its farming sections for sheep, which, if well bred and well cared for, will prove especially profitable to the small farmer as a means of increased income and soil fertility.

**Wheat Crops the Largest Since 1901.**

A Chicago correspondent of the New York Herald has made a careful estimate of the wheat crop of 1905, which he considers the largest since 1901.

The winter wheat crop in 14 States is estimated at 348,000,000 bushels. To Kansas is assigned 75,000,000, to Nebraska 39,000,000, and to Missouri 37,000,000, these being the largest production. To Kentucky is assigned 10,000,000 bushels. The total winter crop in all the States is put at 411,000,000 bushels.

The spring wheat crop is involved in more uncertainty, because the harvest is further away, but on a basis of the present condition it is figured at 259,000,000 bushels. Adding the two together, we get a grand total of 670,000,000 bushels. This gives the largest since 1901, when the final figures were 748,460,218 bushels.

**A Card of Thanks.**

I wish to express my sincere thanks through the columns of this paper to the kind friends who have so liberally remembered me during my severe attack of rheumatism, and may the angels of Heaven ever hover over you, is my prayer.
